

Supervisors Report June 2015 Meeting

Since my last report I have worked on Township Business all or part of 28 days, with hours totaling 211. A partial breakdown of those hours follows. I chaired 1 regular board meeting, 1 work session, 2 special meetings, 1 swimmers Itch Task Force meeting, Attended 2 Co. Commission work sessions, 2 Co. Commission meetings, attended 1 RCTA Board meeting, 1, 911 Board Meeting, Attended 1 Road Comm. Board meeting, Did a Grant presentation to the RCCF, Attended the Higgins Lake Land Conservatory meeting and gave a Swimmers Itch program update.

Spoke with Attorney Hess's office, Worked many hours at the Marina and held a staff safety meeting as well.

The 1st. road brining has taken place, we hope to do a second before the 4th. of July Holiday. All the parks were open and receiving guests.

I worked many hours on the Swimmers Itch action plan that we promoted and feel we were very successful for the first year. In estimates we feel that there will be about 200 fewer mergansers being born on the lake this spring. Unfortunately there will still be a early onset of parasites' released as the infected snails come out of dormancy. The good thing is that there will be fewer hosts for the cycle to continue.

Respectfully,

Frank Homola Supervisor
