

Marina Report

August 2016

Just a few quick comments since my last report. The Marina continues to have a pretty good year even though we have had a couple of questionable days on the weekends. Gas sales have been doing well along with weekend slip rentals. The launch and go program has helped to increase our revenue as well.

Our customer appreciation party is set for Saturday August 20th. from 1 to 5pm. I hope to see as many of the board and township employees as possible stopping in there will be good food entertainment, the bouncy house, Coastie will be there as well as door prizes.

The Foundation had the weed sucker at the Marina pulling some weeds from the ramp area.

The picnic area is being used more and more. There will be a Family Reunion there this month as well.

The new door has been ordered and we hope to see it installed soon.

Respectfully,

Frank Homola
