

Supervisors Report

November 2016

This will be my last report as Supervisor, I am very sad to leave this office, but am very pleased to leave it knowing what good things myself and the board have accomplished in the last eight years. And I am happy to say that in those eight years I have never missed a meeting.

Continuing with my usual format, since my last report I have worked on township business all or part of 35 days with hours totaling 170 hrs.

A partial breakdown follows, Chaired 1 regular board meeting, 1 Work Session, 1 Election meeting, Attended as a board member 1 RCTA meeting, 1 911 board meeting. Attended the Trunk or Treat event. I worked at both parks getting them ready for winter draining and blowing out pipes. Checked the bathrooms at the Community Park daily and cleaned them. I will be continuing at the Marina until the end of the year paper work and reservations are still coming in for next summer.

In closing it has been an Honor and Privilege to serve the residents of Gerrish Township and hope to continue to serve in one form or another in the future.

Respectfully,

Frank Homola
