

GERRISH TOWNSHIP

Trustee Lippert Report

December 12, 2015

- Attended the TWP Board work sessions.
- Worked on the county wide EMS food Drive on Nov 14th.
- 911 Authority Board: I was on the interview committee to interview candidates for the Senior Dispatch Position on Dec 7th.
- Attended the LEPT meeting on Nov 17th.
- Attended a Med Control meeting with Donna Brown, our EMS Captain, to discuss the possibility of Grayling Munson charging us a fee for restocking our drug box. The estimated cost to us is estimated at \$5 to \$6 thousand dollars a year. This cost is unrecoverable through insurance.
- Working on lowering the cost of the Grinding/Hauling of leaves and brush from our compost site. Our current vendor TDE Enterprises is quoting this year's price as \$23,068.00.
- Working on job duty positions for replacement of our maintenance position.
- Working of specifications for township building roof replacement and fence for township generator to reduce noise.
- Met and had several phone calls pertaining to swimmers itch. A meeting was scheduled for December 8th at 2:00pm at the Grand Valley Collage with SICon and Northpoint Fisheries. Hopefully to produce one joint working plan.

Sincerely

Jim Lippert
Trustee
