SUPERVISOR REPORT February 13, 2018

On January 23rd I attended a 2018 Winterfest meeting at the Silver Dollar. Winterfest is this weekend, February 16,17 and 18.

I attended the Gerrish Township Budget Workshop on Wednesday February 24th. The 2018-2019 budget was discussed.

On January 26th. along with Leasa Tulgetski, I attended a meeting that was held at the Charter Township Hall in Mt. Pleasant Michigan. Attending were members from the Higgins Lake Property Owners Association and representatives from the USGS. The USGS is looking to partner with lake associations, residents, and townships that boarder Higgins Lake to participate in the collection and analysis of water samples from around the lake. The collection of the water samples will involve the chemistry students from Roscommon High School.

On Monday January 29th. I met with the Roscommon County Road Commission Manager Tim O'Rourke to discuss the 2018 road projects in Gerrish Township. Tim O'Rourke and Neil Belanger from the road commission will be at our March13th. township meeting to preview road projects for 2018 and answer resident's questions.

On January 31st. I met with contractors at the township marina to look at the possible removal of unused buildings. The board is looking to clear unused buildings to facilitate greater use of the parks grounds.

On Thursday February 1st. I attended the regular monthly township workshop to discuss the agenda for the February 13th. monthly township meeting.

Payments for the 2018 marina summer season are arriving daily. Payments for seasonal slip, long term transient, and launch and go patrons are due by March 31st. New marina clothing items, and a new marina logo design for these items are in the final stages. I am also looking to add to the seasonal staff at the marina this summer. Anyone interested should contact me at my township office.
