Marina Manager Report October 9, 2018

Boating activity on Higgins Lake, as expected, was very slow during the month of September. Several patrons pulled their boats during the Labor Day weekend holiday and tagged their boat hoists for removal.

- As customers boats were removed for the season, the marinas staff used Thursday's to remove the vacant boat lifts giving the staff a head start for the October marina shut-down.
- Marina patrons had removed all boats from their hoists as required by Sunday September 30.
- Work to break-down the marina began in earnest on Monday October 1.
- The staff worked through some wet weather removing boat lifts and docks. The final sections of docks were removed this morning, October 9th.
- All benches and marina park picnic tables are also stored for the winter.
- The swim bouys at Carlos Park will be removed and stored on this afternoon.
