EXPIRATION OF PERMIT: A permit shall expire one (1) year after issuance. At that time, it may be renewed for an additional year by request and paying the base permit fee and for any additional work or inspections needed. If work for which a permit is issued is not stated within six (6) months of the date of permit issuance or if work is abandoned for a period of six (6) months, then the permit shall lapse and cease to be in effect. CANCELLED PERMITS CAN NOT BE REINSTATED.

I hereby certify the electrical work described on this permit application shall be installed by myself in my own home in which I am living or about to occupy. All work shall be installed in accordance with the State Electrical Code and shall not be enclosed, covered up, or put into operation until it has been inspected and approved by an enforcing agency. I will cooperate with the inspector and assume the responsibility to arrange for necessary inspection.

Section 23a of the State Construction Code Act of 1972, 1972 PA230, MCL 125.1523A, prohibits a person from conspiring to circumvent the licensing requirements of the state relating to persons who are to perform work on a residential building or a residential structure. Violators of Section 23a are subjected to civil fines.
